15 Years Experience

Coaching Experience:

Over the years I have attended several workshops and seminars including, 2018 National Coaching Summit in Ottawa. I have received on and off ice training from some of our best skaters and coaches that included; Doug Leigh, Michelle Leigh, Lee Barkell, Sandra Bezic, Manon Parron, Brian Orser, Elvis Stojko, Kurt Browning, Elizabeth Manley, Robert O'Toole, Jeffery Buttle, Josee Chouinard and more.

I am presently coaching at the Stirling FSC, and prior to 2018 coached at SFSC for the past 11 years full time. Throughout my coaching career I had been involved, volunteered and coached at several other clubs including full time with Marmora FSC and part time at Norwood District SC. In the past I worked occasionally with Tweed FSC. I grew up being a PA at the Orillia FSC and Lakefield FSC.

I have been a Skate Canada professional coach since 2005, coaching skaters from Pre-Canskate to Gold levels. I have had skaters compete and place at several Skate Ontario competitions including EOSIC. One of my greatest accomplishments included coaching an adult skater (our very own Shirley Deck) and having her reach her goal at completing a gold level interpretive test and placing 1st at Adult Nationals.

Coaching Philosophy:

I have an incredible passion for this sport and it is through the joy that I have experienced with my personal skating, accomplishments, parenting, and working with others that I continue to have that passion by coaching others.

From growing up as a skater, coaching little ones, adults, having students range in age and levels (including my own children), some who could barely stand to others practicing a double jump, everyone is valued and treated equally.

Personally, whether it be recreational, competitive, adult, the newest skater experiencing the ice for the first time, it is all important. Every accomplishment is "big" and just as important in each individual. It maybe learning how to glide for the first time, achieving the first big jump, to passing a test or winning a medal. At the end of the day there is so much joy, excitement, love, pride and passion in every accomplishment and that is what it's all about and that is why I coach.

I am not perfect but I try and give everything that I do, my best and to the fullest. I will deliver a positive, healthy, well rounded, safe, and encouraging coaching environment that will bring out the best in each of my students. I want to encourage each student to achieve their goals big or small and strive to do their best. I have a strong love for this sport and I would love for each of my skaters to feel the same and experience the same joy that I do every time I hit the ice.
